*The Lord will keep you from all harm—He will watch over your life; the Lord will watch over your coming and going both now and forevermore. **Psalm 121:7-8***

In 2013 after being diagnosed with ovarian cancer and going through surgery for my treatment, I know God was watching over me. Over the next couple of years my rheumatoid arthritis and arthritis had gotten so bad that daily activities were getting harder each day.

One Sunday I had attended a Healing Service at First Pres. Pastor Steve and four elders prayed for my health and the rheumatoid arthritis and arthritis in my neck and hands. That night in the early morning, I was awakened by a touch on my hand and my knee. I woke up to see if there was anybody in the room with me. I had not told anybody about the arthritis in my knee and we had not prayed for it. I felt like God was watching over me once again.

I continue to attend the Prayer and Healing services at church and experience God's healing touch through the pastors and elders. I know that God looked over me before and He will always.

Dear Lord, Thank You for Your healing touch and how You watch over us. Help us feel Your touch this Advent. Amen.
